Cementitious Repair Mortar For industrial use only US Concrete Products 16 Greenmeadow Drive #202 Timonium, MD 21093 1-866-827-8727 www.uscproducts.com 1-800-424-9300

2. HAZARD IDENTIFICATION

Website:

Emergency:

| Physical Hazards: | Not Classified | | | |
|----------------------------------|---|--|--|--|
| Health Hazards: | Skin Corrosion/Irritation | Category 2 | | |
| | Serious Eye Damage/Irritation | Category 1 | | |
| | Sensitization, Skin | Category 1 | | |
| | Carcinogenicity | Category 1A | | |
| | STOT, Repeated Exposure | Category 2 (Lung) | | |
| Environmental Hazards: | Not Classified. | | | |
| Signal Word: | DANGER! | | | |
| Hazard Statements: | Causes skin irritation. Causes serious eye | damage. May cause an allergic skin reaction. | | |
| | May cause cancer. Causes damage to orga | ns (lungs) through prolonged or repeated | | |
| | exposure. | | | |
| Precautionary Statements: | utionary Statements: | | | |
| Prevention: | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dust, fumes, or vapors. Use only outdoors or in a well- ventilated area. Do not eat, drink, or smoke when using this product. Wash thoroughly after handling. Contaminated clothing should not be allowed out of the workplace. | | | |
| Response: | If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison center/doctor if you feel unwell. | | | |
| Storage: | Store locked up. Store in a well-ventilated | | | |
| Disposal: | Dispose of contents/container in accordance with local/regional/national/international regulations. | | | |

Hazards not otherwise Classified (HNOC): Can form explosive air-dust mixtures, avoid creating dust.

3. <u>COMPOSITION INFORMATION</u>

| Chemical Name | CAS Number | Weight % |
|----------------------------|------------|----------|
| Crystalline Silica, Quartz | 14808-60-7 | 60-70 |
| Portland Cements | 65997-15-1 | 30-40 |
| Silica Fume | 69012-64-2 | < 2 |

Composition Note: This product is a mixture. Hazardous ingredients are listed above. May include other nonhazardous ingredients. May include other trace ingredients, see Section 15.

4. **FIRST-AID MEASURES**

5.

6.

7.

| Eye Contact: | Immediately flush eyes with plenty of cool water for at least 15 minutes while holding the eyes open. Remove contact lenses if present and easy to do. If you experience redness, burning, blurred vision, or swelling consult a physician immediately . Remove contaminated clothing and product, immediately wash affected area with soap |
|--|--|
| Skii Contact. | and water. Do not apply greases or ointments. If rash or irritation occurs consult a |
| | physician. |
| | Rinse mouth immediately. Do not induce vomiting. Consult a physician. |
| Inhalation: | Remove patient to fresh air. Give oxygen or artificial respiration if needed. If patient |
| Mast Inc. and and Summasing | continues to experience difficulty breathing, consult a physician. |
| Most important symptoms: | Irritant effects. Symptoms include itching, burning, redness and tearing. Permanent eye damage, including blindness could result. Discomfort in the chest, shortness of breath, |
| | coughing. |
| General Information: | Provide general supportive measures and treat symptomatically. Symptoms may be |
| | delayed. Ensure that medical personnel are aware of the material(s) involved, and take |
| | precautions to protect themselves. If exposed or concerned: Get medical advice/attention. Wash contaminated clothing before reuse. |
| | |
| | - |
| | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO ₂). |
| | Can form explosive air-dust mixtures, avoid creating dust. |
| | During a fire, gases hazardous to health may be formed. |
| Fire-Fighting Frocedures: | Use standard fire-fighting procedures and consider the hazards of other involved materials. In case of fire and/or explosion do not breathe fumes. Self-contained breathing |
| | apparatus and full protective clothing must be worn. Move containers from fire area if |
| | you can do so without risk. Cool containers with flooding quantities of water until well |
| | after fire is out. Prevent runoff from fire control or dilution from entering streams, |
| | |
| | sewers, or drinking water supply. |

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

| Protective Measure: Eye Protection: Hand Protection: Skin and Body Protection: | Wear appropriate personal protective equipment. Wear chemical splash goggles or safety glasses with side shield. Wear chemical-resistant gloves such as: Nitrile, neoprene, butyl. Wear long sleeve shirt/long pants and other clothing as required to minimize contact. In case of dust production, dust-proof clothing. Avoid contact with unhardened cement |
|---|---|
| | products, if contact occurs wash immediately with soap and water. |
| Respirator Protection: | Use a NIOSH-approved air-purifying or supplied-air respirator where airborne concentrations of dust are expected to exceed exposure limits. |
| General Hygiene: | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |
| Engineering Controls: | Mechanical ventilation or local exhaust ventilation is recommended. Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Provide eyewash station and emergency shower. |

Exposure Limits:

| Component | OSHA (PEL) | ACGIH (TLV) | NIOSH Pocket Guide |
|--------------------------------------|--|--------------------------------------|---|
| Quartz (CAS 14808-60-7) | $\frac{10}{\% SiO_2 + 2} \frac{mg}{m^3} / \frac{mg}{m^3}$ (respirable) | 0.025 mg/m ³ (respirable) | 0.05 mg/m ³ (respirable) |
| Portland Cements (CAS 65997-15-1) | 5 mg/m ³ (Respirable) 15 mg/m ³ (Total dust) | 1 mg/m ³ (respirable) | 5 mg/m ³ (Respirable) 15 mg/m ³ (Total dust) |
| Silica Fume (CAS 69012-64-2) | 0.8mg/m ³ | N/E | 6mg/m ³ |
| | | | |

9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical State: | Solid | Freezing/Melting Point: | N/A |
|------------------------|----------------|--------------------------|-------|
| Form: | Powder | Boiling Point: | N/A |
| Color: | Gray | Flash Point: | N/A |

| Solubility: | Slight | Kow: | N/A |
| Decomposition: | N/A | Viscosity: | N/A |

10. STABILITY AND REACTIVITY

| Reactivity: | Stable and non-reactive under normal conditions of use and storage. |
|--------------------------------|---|
| Chemical Stability: | Stable and non-reactive under normal conditions of use and storage. |
| Condition to Avoid: | Conditions which generate dust. Avoid unintentional contact with water. |
| Substances to Avoid: | Strong oxidizers. Strong acids and bases. Ammonium salts. Aluminum metal. |
| Hazardous Reactions: | The product is stable if stored and handled as prescribed/indicated. Strong bases are |
| | formed on the addition of water. |
| Decomposition Products: | Carbon dioxide, carbon monoxide, oxides of nitrogen, other organic compounds. |

14. TRANSPORTATION INFORMATION

United States Department

Of Transportation (USDOT): Not regulated as a hazardous material by DOT.

International Air Transportation

Association (IATA): Not regulated as a dangerous good.

International Maritime

Dangerous Goods Code (IMDG): Not regulated as a dangerous good.

Special precautions for user:Read safety instructions, SDS and emergency procedures before handling.Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:Not applicable.

This information does not cover all specific regulatory or operational requirements of this product. The classifications for transportation may vary by container volume or different regional or national regulations.

15. <u>REGULATORY INFORMATION</u>

US Federal Regulations:

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D): US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050): CERCLA Hazardous Substance List (40 CFR 302.4):

Not regulated. Not listed. Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

| Hazard Categories: | | | | |
|--------------------|---------|------|----------|------------|
| Immediate | Delayed | Fire | Pressure | Reactivity |
| Yes | Yes | No | No | No |

SARA 302 Extremely hazardous substance: SARA 311/312 Hazardous chemical: SARA 313 (TRI reporting): No Yes Not regulated.
